EXECUTIVE SUMMARY

Nav Uday Kiran is a registered non-governmental organization (NGO) committed to bringing positive change in the lives of underprivileged, marginalized, and vulnerable communities. Founded on the principles of **equity, dignity, and empowerment**, the organization works extensively in the areas of **education, health, livelihood development, women empowerment, youth engagement, and community mobilization**.

Over the past year, Nav Uday Kiran has implemented several impactful programs in both rural and urban areas. These initiatives are designed to provide sustainable solutions to deep-rooted socio-economic problems. Our approach combines **grassroots-level intervention, capacity-building workshops, skill development, and public-private partnerships** to deliver measurable outcomes.

The organization has strengthened its collaboration with government bodies, CSR wings of private sector companies, and local self-help groups (SHGs) to maximize reach and effectiveness. With a focus on **transparency, accountability, and community ownership**, we ensure that every intervention is need-based, inclusive, and sustainable.

Key achievements in the reporting year include:

- Enrollment of over **800 children** in remedial education programs.
- Establishment of **5 women self-help groups (SHGs)** leading to income-generation activities.
- Conducting **health camps** that benefitted over **1200 individuals**.
- Launch of **skill training programs** in Handmade paper bags making , computer literacy, and computer courses for **rural youth and women**.
- Active disaster relief during flood , awareness campaigns in vulnerable areas.

The NGO's success lies in its ability to work **closely with the community**, understand their needs, and **build long-term solutions** that are replicable and scalable. With a team of dedicated staff, volunteers, and well-wishers, Nav Uday Kiran aims to expand its footprint and continue serving with passion and integrity.

INTRODUCTION

Nav Uday Kiran NGO is a development-focused, humanitarian organization committed to promoting gender sensitivity and child welfare. Its mission is to restore the lost childhood of underprivileged children by ensuring they receive the care, protection, and opportunities they need for a brighter future. The organization is dedicated to transforming the lives of vulnerable children and continues to implement impactful, community-driven initiatives that enhance the living conditions of disadvantaged populations in numerous slums and villages across the National Capital Territory of Delhi.

The journey of Nav Uday Kiran began modestly, operating from a single-room setup where it initially provided non-formal education to 25 children. The organization firmly upholds the belief that every child's fundamental needs are inseparable from their basic rights.

Founded in 2019, Nav Uday Kiran NGO was established with the vision of empowering marginalized communities and helping individuals realize their potential with dignity. It operates on the principle that real change begins at the grassroots level and that empowered individuals have the power to uplift entire communities.

The name **Nav Uday Kiran** reflects the organization's spirit of hope, renewal, and positive transformation. This vision is evident in all its initiatives—ranging from educating children in urban slums to empowering women in rural areas, raising healthcare awareness, and supporting sustainable livelihood opportunities.

Our mission is to:

- Provide access to **quality education** for underprivileged children.
- Promote **gender equality and women empowerment** through capacity-building and entrepreneurship.
- Enhance **livelihood opportunities** by equipping youth and women with employable skills.
- Improve **health and hygiene** awareness in underserved communities.
- Foster **inclusive development** with a special focus on marginalized groups such as SC/ST, minorities, and differently-abled individuals.

We envisage a scenario where every child goes to school or receives a decent 'alternative education' and has opportunity to satisfy his / her basic Needs and development

LETTER FROM THE CEO

We are glad to present the annual report of the organization this year. During the year 2024-25, the organization has touched some such dimensions, free Education center, health awareness program, Environment awareness program. In this direction the issues like women and children's exploitations/Education and vocational training have been aimed by the organization more attentively. On the other hand, it is necessary here to describe that the organization has especially upgraded the livelihood improvement of weaker sections, whether we talk about Women, adolescents, and youths of semi urban and urban area of Delhi. The organization has ensured such capacity building interventions for them which give a strong direction to their living.

Organization feels that despite an ace role in Indian Agriculture the women are still in critical condition. In other words, it will not be an exaggeration to say that it is such an issue before the voluntary sector, which can be changed in association with key stakeholders. Whether we talk of their ownership over the resources or it is the aspect of the rights of decision-making etc. it must be our paramount duty to make a complete and wholehearted effort.

While presenting an account of interventions applied by the organization last year, we are fully confident that the readers will definitely dispatch their valuable suggestions & feedback, which will infuse a new life in our campaign.

Thanks

ARTI TIWARI

Founder and CEO

Nav Uday Kiran NGO

MISSION AND VISION STATEMENT

Our Mission:

The vision of Nav Uday Kiran NGO is to build an inclusive and empowered society where every individual, regardless of their background, has access to quality education, meaningful employment, and equal opportunities for personal growth and development. The foundation aspires to uplift underprivileged communities by promoting social justice, gender equality, digital inclusion, and sustainable development. Through grassroots efforts and community-driven programs, Nav Uday Kiran NGO envisions a future where no one is left behind and every human life is valued, nurtured, and given the tools to thrive with dignity.

Our mission is to:

- Provide access to **quality education** for underprivileged children.
- Promote **gender equality and women empowerment** through capacity-building and entrepreneurship.
- Enhance **livelihood opportunities** by equipping youth and women with employable skills.
- Improve **health and hygiene** awareness in underserved communities.

Foster **inclusive development** with a special focus on marginalized groups such as SC/ST, minorities, and differently-abled individuals.

Vision:

Our vision is anchored in a world where the transformative power of education and healthcare is accessible to all. It's a vision of a society where economic and health disparities are bridged, and individuals are equipped with the tools and resources they need to unlock their full potential. We aspire to be the beacon of hope, inspiring change, and contributing to a brighter, healthier, and more equitable world.

OBJECTIVE

Objectives of Nav Uday NGO:

Nav Uday NGO is dedicated to fostering inclusive and sustainable development by empowering marginalized communities. The key objectives of the foundation are:

- To promote digital literacy among underserved populations, bridging the digital divide and enabling access to technology-driven opportunities.
- To provide quality education to underprivileged children and youth, especially through community-based learning centers.
- To offer skill development and vocational training programs that enhance employability and economic independence, particularly for women and youth.
- To ensure legal awareness and support for women, children, and marginalized groups, empowering them to understand and claim their rights.
- To protect and promote environmental sustainability through plantation drives, awareness campaigns, and eco-friendly practices.
- To work towards improving public health and hygiene, especially in low-income and rural communities, through awareness programs, health camps, and sanitation drives.

These objectives guide Nav Uday NGO mission to build a more just, educated, and empowered society.

Activities Carried Out During 2024–25

I. Health Awareness Program

NAV UDAY KIRAN promotes health and well-being by organizing health awareness programs that incorporate the practice of yoga and free test health camp. These sessions focus on educating people about the physical, mental, and emotional benefits of yoga as a natural and effective way to maintain good health. Through guided yoga workshops and awareness camps, participants learn about stress management, improving immunity, enhancing concentration, and preventing lifestyle-related diseases. Special emphasis is placed on including women, children, and the

elderly to encourage holistic well-being across all age groups. By integrating traditional practices like yoga with modern health education, the foundation fosters a balanced and healthy lifestyle within the community.

II. The Skills Development & Vocational Training Program

The Skills Development and Vocational Training Program is a holistic initiative aimed at empowering women, youth, and children by enhancing their skills, confidence, and self-reliance. The program offers practical training in areas such as tailoring, beauty and wellness, computer literacy, paper craft, digital skills, handicrafts, and other market-relevant vocations. Special focus is given to individuals from economically weaker and socially marginalized backgrounds, enabling them to build sustainable livelihoods and contribute meaningfully to their families and communities. By equipping participants with essential skills

and knowledge, the program promotes financial independence, creativity, digital inclusion, and overall community development. It serves as a powerful tool for fostering gender equality, bridging the digital divide, and empowering the next generation.

III. Environment Awareness Program & Plantation Drives

NAV UDAY KIRAN actively organizes plantation drives to promote environmental sustainability and awareness among communities. Through these initiatives, the foundation encourages the planting of trees in schools, public spaces, and underserved areas to improve air quality, enhance green cover, and combat climate change. Volunteers, students,

and local residents are engaged in these drives to foster a sense of responsibility towards nature. By nurturing a cleaner and greener environment, the foundation contributes to building a healthier and more sustainable future for all. Till now we have successfully planted 500+ trees in different places.

IV. Legal awareness camps

During the financial year 2024–25, Nav Uday Kiran organized a series of Legal Awareness Camps at different times throughout the year, focusing on child safety, child rights, and women empowerment. These camps were held at the Nav Uday Kiran Education Centre and actively engaged children, youth, and parents, especially mothers.

Key topics covered in the sessions included:

- Child Abuse Awareness
- Understanding Good Touch and Bad Touch
- Legal Rights and Safety Measures for Women
- Reporting Mechanisms and Helplines

V. Preventive Education for Children and Parents Project “SHIKSHA “

The camps were conducted through interactive storytelling, demonstrations, legal expert talks, and visual aids to ensure clarity and retention. Each camp was tailored to the age group and understanding level of the participants.

By conducting these camps at regular intervals, Nav

Uday Kiran ensured that awareness and learning became an ongoing process rather than a one-time event. The initiative significantly contributed to building a safe, aware, and empowered community at the grassroots level.

NAV UDAY KIRAN EDUCATION CENTRE – NURTURING YOUNG MINDS SINCE 2021

Since its inception in 2021, the Nav Uday Kiran Education Centre has been providing free academic support to elementary-level students from underprivileged backgrounds who are unable to afford private coaching. With the help of regular classes and individual attention, many students have shown remarkable academic improvement over the years.

Our focus is not limited to academics alone. We are committed to the holistic development of each child.

Key activities conducted in the financial year 2024–25 include:

Academic Support:

Nav Uday Kiran conducts regular subject-wise classes to strengthen students’ understanding of core concepts and bridge learning gaps. With focused teaching methods and personalized attention, the program consistently results in measurable improvements in grades, academic confidence, and overall school performance.

Free Resources:

Nav Uday Kiran provides free stationery, notebooks, school uniforms, and clothing to ensure that no child's education is hindered by a lack of basic resources. This support helps remove financial barriers, encourages regular attendance, and promotes equal learning opportunities for all students.

Computer Literacy: Project "CYBERNETICS"

Nav Uday Kiran offers basic digital skills training to equip students with essential computer knowledge, including typing, internet use, and common applications. These classes prepare them for academic needs, future careers, and confident participation in the modern, technology-driven world.

Sports and Physical Development:

Nav Uday Kiran promotes physical fitness and teamwork through regular sports activities and an annual sports day. Students participate in games such as athletics, football, cricket, and traditional sports, fostering discipline, coordination, and a spirit of healthy competition. These activities not only improve physical health but also teach valuable life skills like cooperation, leadership, and perseverance, contributing to the overall development of each child.

Cultural Programs & Talent Hunts

At Nav Uday Kiran, we believe that education extends beyond textbooks and classrooms. To foster holistic development, we organize a variety of **cultural programs and talent hunt competitions** throughout the year. These events provide a vibrant and inclusive platform for students to showcase their talents in music, dance, theatre, art, poetry, and other creative fields.

By encouraging participation, we help children overcome stage fear, build self-confidence, and develop essential life skills such as teamwork,

communication, and leadership. Our programs also celebrate India's rich cultural heritage, instilling in students a sense of pride in their traditions while inspiring them to explore new forms of creative expression.

Through recognition, awards, and mentorship, Nav Uday Kiran ensures that all child's unique abilities are acknowledged and nurtured, enabling them to dream bigger, aim higher, and grow into confident, capable individuals.

Educational Trips

Nav Uday Kiran organizes **guided educational trips** to museums, historical monuments, science centers, and other places of learning to provide students with valuable **experiential exposure** beyond the classroom. These visits allow children to connect theoretical knowledge with real-world experiences, making learning more engaging and memorable.

Through interactive sessions, guided tours, and hands-on activities, students gain deeper insights into history, culture, science, and technology. Such trips not only enhance curiosity and critical thinking but also broaden perspectives, nurture appreciation for heritage, and inspire innovative ideas.

By combining fun with education,

Nav Uday Kiran ensures that every excursion becomes an opportunity for growth, confidence-building, and lifelong learning. Over the years, many of our students have shown consistent academic growth, with better school results, improved confidence, and increased classroom participation. These outcomes are a testament to the Centre's dedicated efforts to create equal learning opportunities for every child, regardless of their socio-economic status.

Dear

I am writing to express my heartfelt appreciation for the outstanding work that [NGO Nav Uday Kiran] has been doing in Yamuna Khadar. Your organization's dedication to improving the lives of the communities living along the Yamuna River is truly inspiring.

Your efforts to provide access to clean water, sanitation, and hygiene facilities have made a significant impact on the health and well-being of the residents. Additionally, your initiatives to promote sustainable livelihoods, environmental conservation, and community empowerment have been remarkable.

We appreciate the commitment and perseverance of your team, who have been working tirelessly to bring about positive change in the lives of the people in Yamuna Khadar. Your organization's work has not only improved the quality of life for the communities but has also contributed to the preservation of the Yamuna River's ecosystem.

Please accept our sincerest appreciation for your organization's outstanding work.

Once again, thank you for your dedication and commitment to making a difference in the lives of others.

With Regard

Sincerely,

V.K.S.
